## EXPERIENCE

**Center for Health, Identity, Behavior, and Prevention Studies (CHIBPS)**       Newark, NJ, US/*Remote*
*Data Analyst* | November 2019 – Present
- Implemented and project managed the collection of primary data for online and in-person cross-sectional studies.
- Developed and performed data quality control measures to ensure data integrity.
- Analyzed cross-sectional and longitudinal study data and designed graphs and maps for reports and publications.
- Collaborated with external stakeholders on survey development to evaluate employee wellness for a New Jersey county health department.
- Developed data sharing protocols for external stakeholders for data analyses and publications.
- Trained over 20 student interns on study protocols and citation management to ensure quality data collection and reports.
- Assisted with survey development and built surveys in Qualtrics to record life experiences and vaccine hesitancy during the COVID-19 pandemic throughout the United States.
- Assisted in grant writing with data visualization, writing, and editing.
- Mentored and supported students with data analysis and paper writing of brief reports and thesis papers for graduation and scientific journal publication.

*Research Assistant* | June 2014 – June 2017
- Counseled and tested participants for HIV and linked people living with HIV to health resources.
- Cleaned data, ran syntax in SPSS and STATA, and created forms on Microsoft Access for data collection.
- Collected sensitive data through in-person assessments with participants.
- Trained interns on data cleaning, office tasks, and participant assessments.
- Managed the websites by taking the initiative to learn HTML/CSS, WordPress, and web hosting.
- Recruited and screened people for eligibility in future studies at the center.

**Joint Clinical Research Centre (JCRC)**                                      Kampala, Uganda
*Co-Investigator* | January 2018 – July 2018
- Formalized the institutional review board application to gain approval for study procedures.
- Secured and managed $10,500 of funding from grant applications.
- Reviewed and abstracted paper medical chart data into an electronic medical record database.
- Developed training manuals and study protocols as well as consent and assent forms.

**Health Promotion Office at New York University**                                      New York, NY, USA
*Office Assistant* | May 2013 – May 2015
- Supervised a group of 20 students to discuss and implement ideas and events surrounding health promotion.
- Coordinated a 30-student group of Stressbusters to promote relaxation and wellness.
- Advised students on health-related topics and directed students to the appropriate resources.

## SERVICE

**Annals of LGBTQ Public and Population Health**                                                    Newark, NJ, USA
*Editorial Advisory Board Member* | February 2020 – Present
- Peer reviewed submitted articles to determine acceptance of publication.

**Public Health Action Support Team (PHAST)**                                                    Ann Arbor, MI, USA
*Volunteer* | September 2017 – May 2019
- Developed and presented a disaster preparedness plan to a family planning clinic in Corpus Christi, Texas.
- Informed Ann Arbor community members of free HIV/AIDS resources through outreach events.
- Conducted community outreach through the packing and delivering of water bottles to residents of Flint and distributing surveys for Habitat for Humanity in Ypsilanti, Michigan.
